IMPORTANT -- All players please read --

Effective immediately, DIPLOPHOBIA and HYDROPHOBIA are combined, and DIPLOPHOBIA will come out every two weeks. Deadlines between WINTER builds/removals and SPRING moves will continue to be four weeks, as will deadlines between SPRING moves and SUMMER retreats/FALL moves. However, deadlines between FALL moves and AUTUMN retreats/WINTER builds/removals will be shortened to two weeks (this should be ample time, as it should not be necessary to conduct extensive diplomacy before builds/removals). Also, deadlines for Games of Anonymity (DAA,DCA,DGA) will be shortened to two weeks (remember, there are mandatory SUM and WINT seasons in these games for the purposes of communicating via propaganda), as it is not possible for extensive diplomacy to be conducted via letter in these games. Finally, in any game all players in said game may write to GM and request permanent tw-week deadlines between all seasons -- in which case (i.e., if all players in any single game make said request) game will go onto two-week deadlines. (This is not very likely to happen in any of the games.) Now that things are pretty much back to normal on this end, we are going to try to accelerate these games wherever it is possible to do so without hurting the players. NOTE: With the combination of DIPLOPHOBIA and HYDROPHOBIA, only the players playing in the games contained in a particular issue will receive that issue, unless they are traders or subscribers. Also note traders for HPBA will receive DPBA (or AUX ARMES!), and subbers to HPBA will have their DPBA subs extended (or the # of HYDROPHOBIA issues remaining on their sub used to purchase the issues of DPBA in which they do not appear as a player, to assure their maintaining an unbroken run).

Note that games PHC, PQC, PXC, DAA, DCA, and DCA have deadlines of July 8; remaining games in this issue have deadlines of July 22.

On a new subject, we bemoan all of the missed moves in this issue. Most of the moves were missed because moves came in after the deadline -- and we Gamesmastered the games the day of the deadline, and started typing that night. By Thurs, when most of the late moves came in, we had already typed all but the first and the last two pages of this 'zine -- so we could not have used the late moves, even if we had stretched the deadline. Late by one day was Rosamilia; late by two days were Reiter, Lebling, and Reiter; we don't know who'll come in late tomorrow. At any rate, in spite of what we say inside about stand-by moves, the following are the only moves we will need from stand-by replacement players for the next issue/deadline: PQC: Bill Inman, for Norman McLeod (GER); (Note that St. Cyr replaced Latimer as TUR in PQC); St. Cyr, for Gemignani (ENG) in PWC; PXC: Inman for Bobker (RUS), and anyone for Zumstein (FRA) (replacement for Zumstein do not send moves -- just let us know you're interested). In addition, Dave Lebling has asked to be replaced (lack of time) in DKJ and FHD, so Gemignani, please take over APACHE in FHD, and anyone who is interested in taking over TUR in DKJ please let us know. There have also been drop-outs in DAA (ITA) and DCA (GER); stand-by replacement players for these games (DAA: ; DGA: please take over play in the vacated nations.

IMPORTANT (Cont. from page 1) -- We are very sad to see all these missed moves -- some of the players were hurt very badly by it. But may we remind you that you can protect yourselves by: 1. Sending advance orders with current moves (particularly advance builds); 2. Shooting off to the GM a preliminary set of orders just as soon as you get the 'zine (which can be amended before the deadline if need arises); 3. Mailing duplicate sets of orders on two different days to foil the P.O.'s habit of losing Diplomacy moves; 4. Keeping a set of General Orders on file with the GM. (If you do the latter, be sure to update your G.O.'s as the situation changes; otherwise, you may find your G.O.'s telling the stand-by player to attack your ally and give aid and comfort to your enemy!)

The Players -- Rosters appeared in DPBA #47 and HPBA #7; these will be combined and reprinted in DPBA when space permits. Meanwhile, changes to DPBA #47 roster: Brooks (CoA): P.O. Box 1057, Huntington, Ind., 46750 (219-356-1795); Gemignani: Delete PSC; Greene: Phone no.: 415-DI3-4098; Latimer: Delete entire entry; St. Cyr: Add PQC, PSC; Von Metzke: Add phone # 714-296-4813. Lebling will remain in DKJ one more turn while replacement is sought. Phone nos. still needed for Turner, Wittman. To HPBA roster in #7, add FHD for Gemignani, delete FHD for Lebling, CoA as above for Brooks.
